

FABTRON'S GUARANTEED TOP QUALITY LEATHER GOODS

In addition to our full line of lightweight saddles, we also manufacture a complete line of leather headgear.

We start with heavy harness-grade leather and strap or die cut it on site. We round the edges and stitch it up as required.

Leather is strapped...

All work is performed on heavy-duty machinery designed especially for the leather industry. And, for consistent durability and quality, premium leather is used throughout.

Heavy-duty hardware completes each piece and everything is assembled with all American labor.

... or die cut

...stitched

The finished Fabtron Leather Strap Goods product is guaranteed top quality and "horse-friendly"!

...and edges are rounded.
