FIRMLY ELEVATE FABTRON
SADDLES INTO a
CLASS by THEMSELVES

From the quality leather tops to the flexible Cordura fenders, Fabtron's "Easy Rider" and "Lady Trail" saddles have taken the lightweight Leather/Cordura trail saddle to a new level of quality, design, fit and riding comfort.

The Ralide saddle tree - with full quarter horse bars - fits most horses. The "Lady Trail's" high cantle provides more spinal support and has a seat designed specifically for a woman's body. The "Easy Rider's" dropped C-plate front rigging provides a true balanced ride. Premium 'closed cell', 1/2"-thick seat padding completes both saddles and enhances your riding comfort and experience.

Weighing in at approximately 22 lbs, the "Easy Rider" and "Lady Trail" are easy to transport and set in place on your horse. A full 5-year warranty provides protection against saddle tree breakage.
